2018 Golden Leaf Award Winners Honored

Community Awards Recognize Best Contributions to Durham's Appearance

DURHAM, N.C. – Last night, seven projects were honored for excellence in design and preservation of their properties at the <u>2018 Golden Leaf Awards for Community Appearance</u>.

Sponsored by the Durham City-County Appearance Commission, Keep Durham Beautiful, Inc., and the Durham City-County Environmental Affairs Board, eight Golden Leaf Awards were given to seven properties to honor their excellence in design, preservation, and stewardship of the natural and built environment.

This year, 26 entries were judged in the following seven categories: Keep Durham Beautiful; Garden & Landscape; Hearth & Home; Adaptive Reuse, Small-Scale Development; Large-Scale Development; and Sustainable Design. In addition there was also the People's Choice winner. The winners honored were:

Judging of the Golden Leaf Awards, except the People's Choice Award, was done by an independent panel of local professionals representing architecture, landscape architecture, development, and the community. Selection criteria included excellence in design of a new development and/or improvement of an existing structure; raising community awareness of the value of good design and stewardship; improving the character, environment, or livability of an area; and a commitment to ongoing property maintenance in landscaping. The People's Choice Award was selected by public vote from the nominees under consideration for any of the award categories for 2018. With voting open from March 1 to March 16, over 6,000 votes were cast for this award.

About the Durham City-County Environmental Affairs Board

The City of Durham and Durham County jointly established the Environmental Affairs Board (EAB) in 1991, in recognition of the importance of local cooperation on environmental issues. The EAB is an advisory board of appointed volunteer citizens to provide the City and County with expert and comprehensive advice on various environmental matters. It is also a mechanism for facilitating communication between the public and local government leaders. The EAB considers topics such as watershed protection, natural resource protection, air quality, environmental impacts of industrial development, environmental education, green building design, energy conservation, and global climate change.
